

HIGH POTENTIAL AS DESIGNING ENGINEER / TECHNICAL PROJECT MANAGER

CZECH REPUBLIC REGION VYSOČINA

KRONOPLUS is a part of the **major industrial group KRONOSPAN** with **production sites around the world** and annual sales of several billion euros. Due to expansion of the **successful industrial locations**, all around the world with a focus on Eastern Europe, we are seeking for highly motivated **Designing Engineers** and **Technical Project Managers**, for a permanent position in Jihlava / Kraj Vysočina in **Czech Republic**.

Your field of activity

- You will be a part of an **project implementation team** which designs complex technological equipments for the plants within our group. Therefore you should have a good knowledge of **CAD systems in 2D and 3D**. You will have very good conditions for work, including top-level computer equipment.
- You will participate in competitive **tendering with projects suppliers**, where you take care of preparing technical documents and analysing results.
- In daily communication you will speak **English**, other languages are of advantage in order to be able to communicate with colleagues all around the world.
- You will **travel** a lot to supervise on **projects realization** in accordance with the plans you were developing together with your team, and in the future self-responsible.

We search for **extraordinary skilled and motivated young people**, with fresh university degree (mechanical engineering, electro) willing to **start an international career** within a very successful, technology oriented industrial group of companies. Your personal growth will be supported by trainings in our own **Kronospan Academy**, and special management attention with our internal **High Potential** program.

If you want to work with professionals, learn a lot, gain the possibility to be a helpful member in a worldwide project development team and you are not afraid of living abroad and travelling, this position is just for you.

Next to an interesting remuneration package we offer you help with relocation, transfer and accomodation, stable employment terms and the opportunity to gain extensive experience.

In case of interest, please, send a letter of motivation and your CV to: prace@kronospan.cz
